

Hoofa The Boofa

BOOM, boom prrrrph ...POP!

What's that noise?

Its Hoofa the Boofa... the **FARTIEST** cow in the paddock!

Splot...BOOM...splatter...POP!

What's that noise? It's **HOOFA**

Rat-a-tat **BOOM!**

What's that noise? It's **BOOFA**

BOOM... BOOM... Pop... Squeal!

What's that noise? It's, Hoofa the Boofa the
stinkiest cow in the whole **PADDOCK!**

BOO HOO boom BOO HOO ...Bang!

What's that noise?

It's Hoofa the Boofa, **CRYING!**

Why is Hoofa the Boofa crying?

Because...she has **NO** friends!

Why does Hoofa the Boofa have no friends?

Because ...**BOOM...Splatter.... rat-a-tat...BOOM...She... STINKS!**

How can we **HELP** Hoofa the Boofa?

I know! Let's all fart **TOGETHER!**

Hoofa the Boofa counted...

1.2.3

23 BIG cow's bums Blasted...KABOOM!

NOW Hoofa the Boofa is QUEEN of the whole

...FARM

Hey! Here are some cool things to know about Cows

- Cows don't bite grass! They curl their tongues around it and pull!
- Cows fart HEAPS! Scientists talk a lot about cow farts & the damage it does to the **Ozone**.
- If you kept a cow as a pet it would live for about 20-25 years!
- Cows can walk up-stairs...but they can't walk down them because their knees can't bend much.
- The most popular name for a pet cow is 'Daisy' and for a pet bull, it's 'Bully'!

If you go for a drive in the country, look out for these cows:

Jersey (Colour: Tan/Light Brown)

Friesian (Sounds like: Free-Shun) - 'Holstein Friesian'

Angus (Colour: Black)

Belted Galloway

What is the OZONE layer?

It is a shield that protects our planet which is called the EARTH, from the more harmful rays from the sun.

The Ozone layer is like the Earth's big UMBRELLA

Why do scientists worry about cow's farts damaging the ozone layer?

Pollution or gases from cars, factories & cows can weaken the ozone layer. We can all help protect our ozone by making helpful decisions. An example is riding your bike or walking instead of using a car.
